GPW14 - 1ST ROUND FINANCING

The Threat Is Real, We Must ACT NOW!

Presented by Interest of Justice

www.interestofjustice.org

Introduction

This presentation is to explain the serious threat of the WHO GPW14 - The 14th General Programme of Work (GPW14) 2025-2028. WHO GPW14 is being developed a year earlier than normal so that it can serve as the technical strategy for the first-ever WHO Investment Round proposed for end of 2024 seeking 11.5 Billion dollars.

The current focus for the GPW14 is on developing a zero draft, through an iterative process in consultation with Member States, for consideration by the WHO Executive Board in its 154th session on January 24, 2024 . The final version of the GPW 14 will be considered for approval by the Seventy-seventh World Health Assembly in 2024.

Objectives

1

Explain why GPW14 is a bigger threat than good because they will vote for the funding to strengthen the WHO Pre-Qualification and EUL (Emergency Use Listing) which is how covid-19 vaccines are on the global market.

2

Explain IOJ's WHO CSO invite and our unique role as CSO oversight of IO's procurement and authorizations in pandemic preparedness and response

3

Show that in the first GPW14 meeting October 30, 2023 15% of CSO's and youth were in the first meeting dissenting. 3.5% were censored when proving FRAUD about the climate scam and covid vaccine horrors that would nullify ALL FIRST ROUND FINANCING GOALS!!!!

4

ASKING THE PUBLIC AND OTHER CSO's TO PLEASE HELP SHARE THE GPW14 THREAT WITH YOUR STATES AND CONSTITUENTS! **Ask everyone you know to sign up to our Interest of Justice Substack to get the information to attend after the new year on Jan 12, 2024 to dispute point by point the errors and deviations in the proposed GPW14.**

2025-2028

WHO GPW14 Censored Us Last Meeting In October 30, 2023!

HELP US TIP THE SCALE JAN 12!!!

WE HAD TO WRITE WHO THIS LETTER LAST TIME FOR THE RECORD!

Free Speech Association was censored in the 1st GPW14 "consultation" and was not able to consult on issues of critical importance to this current GPW14 as well as the IHR amendments, treaty and accountability. For this reason of WHO's overt censorship in the 1st GPW14 consultation hearing we believe the omission of our ideas is not an accidental oversight to not include our ideas and concerns in the report. To us, we cannot help but presume the censorship in the first consultation meeting is so that WHO can write falsely in the consultation document and pretend to member States that there is a "broad consensus" when in reality we represent the majority of scientists and civil society organizations which do not want most of the policies being funded in the GPW14.

GPW 14 high-level results framework

Principles: impact focused, with countries at the centre

Process: develop outcomes with Member States (and partner perspectives)

GPW 14 financing envelope – US\$ 11.15 billion

Key assumptions

- Only base segment, using PB24–25 as basis
- Additional financing: country offices, polio transition, accountabilities

With the AC increase, **voluntary needs are ~US\$ 8 billion;**
WHO Investment Round will be key to secure these funds

Table. Indicative financial envelope for GPW 14 base segment, including emerging priorities (US\$ million)

	2025	2026	2027	2028	TOTAL
Base segment <i>(based on PB 2024-25 & emerging priorities)</i>	2 484	2 484	2 484	2 484	9 936
Emerging priorities	-	244	476	501	1 221
GPW 14 indicative financing envelope	-	-	-	-	11 157

Coordination & engagement processes for GPW14 development

WHO COORDINATION & ENGAGEMENT:

- overall direction of Director-General & Regional Directors
- co-led by ADG UHL & Chief Scientist
- 3-level Steering Committee of senior staff
- 3-level staff consultations (e.g. townhalls)

PARTNER & CONSTITUENCY ENGAGEMENT:

- key partner agencies & organizations (e.g. SDG3 GAP, other Int Orgs, Collab Centres, etc)
- CSO, youth & other key constituencies
- private sector
- public (e.g. via a GPW14 web portal)

SDG3 means “Vaccines”

GATES OF HELL - MAJOR CONFLICTS!

The WHO NITAG was first funded in 2016 by Bill Gates. WHO decided that was a conflict of interest so WHO funds the NITAG directly with the money Gates funds WHO with. NITAG pushes "VACCINE UPTAKE" programs and is why UN is censoring dissent, even if reasonable. NITAG gets their "private decisions into government policy". Today Gates likely funds WHO Foundation, which then funds NITAG. GPW14 strengthens WHO Foundation these financial ties with private funders like Gates.

HEALTH EMERGENCY

VACCINE CASH COW

In 2018, prequalification of medicines focused on treatments for HIV/AIDS, malaria, TB, reproductive health, hepatitis, diarrheal diseases, influenza and a selection of neglected tropical diseases. Prequalification of vaccines ensured evaluation of vaccines that are required for routine immunization against 24 priority diseases, and of the immunization devices and cold-chain equipment needed for an effective national vaccination programme, **and also performed risk assessment of certain vaccines that might be used in a public health emergency.**

GPW14 Is Mostly To Fund the Profitable WHO EUL Listing

Of course, product quality is in itself an enabler of access. This, in essence, is the point of the WHO Prequalification Programme, which makes approximately US\$3.5 billion worth of **urgently needed, safe, and effective quality-assured products** accessible to people every year, including roughly US\$1.5 billion worth of vaccines for routine immunization programmes.^{6,7,8}

notice: The WHO Prequalification Programme is the same body which authorized the EUL for covid vaccines.

WHO EUL Listing Is "when the community/public health authorities may be willing to tolerate less certainty about the efficacy and safety of products" - WHO DG Tedros

WHY IS GPW14 FUNDING THE PRE-QUALIFICATION & COMPLIMENTARY EUL AS IF ITS SAFE AND EFFECTIVE?

As stated in the EUL procedure document (43),

the EUL is not equivalent or an alternative to WHO prequalification, and should not be thought of as such. **The EUL is a special procedure for unlicensed vaccines, medicines and in vitro diagnostics in the event of a PHE [public health emergency of international concern or other public health emergency authorized by the Director-General] when the community/public health authorities may be willing to tolerate less certainty about the efficacy and safety of products, given the morbidity and/or mortality of the disease and the lack or paucity of treatment, diagnosis/detection or prevention options. It is intended to provide a time-limited listing [...] **for unlicensed products in an emergency context when limited data are available and the products are not yet ready for application for prequalification.** As part of the EUL, it is expected that the manufacturer will complete the development of the product and submit for licensure and WHO prequalification.**

For an intervention to be included in an EUL, the following criteria must be met (43):

EUL Criteria 1

The disease for which the product is intended is **serious or immediately life-threatening** and has the potential of causing an outbreak, epidemic or pandemic, and it is reasonable to consider the product for an EUL assessment, e.g. there are **no licensed products** for the indication or for a critical subpopulation (e.g. children).

EUL Criteria 2

Existing products have not been successful in eradicating the disease or preventing outbreaks (in the case of vaccines and medicines).

EUL Criteria 3

The product is **manufactured in compliance with current good manufacturing practice** in the case of medicines and vaccines and under a **functional quality management system** in the case of in-vitro diagnostics.

EUL Criteria 4

The applicant undertakes to complete development of the product (validation and verification in the case of in-vitro diagnostics) and apply for WHO prequalification once the data are collected.

GPW14 Insists Funding Is Appropriate Because EUL's Can Be Delisted

A PROGRAMME WITH TEETH

“The WHO Prequalification Programme is strict and **does not hesitate to delist products when the applicant’s dossiers are not up to standard.** This happened in 2011 for vaccines, when WHO delisted a pentavalent vaccine, and in 2004 for medicines, when the WHO delisted generic ARVs **because of irregularities at the clinical study sites where bioequivalence was established, signalling to the industry the Prequalification Programme had teeth.**”²⁵

Conclusions

- **1. GPW14 is the WHO's path to 1st round financing of \$11.5 Billion dollars!**

The world needs everyone to show up identifying as a CSO or Youth and object to the GPW14 financing & EUL Experiments so humanity has a record for the lawsuits being filed in the next couple months. This is how we are able to have standing and win in the end!

- **2. WHO is pushing their EUL program by lying the experiments saved lives**

The EUL, WHO Prequalification Programme, UN procurement along with the Trusted News Initiative have psychologically nudged and caused medical apartheid using experimental mRNA intervention outside clinical trials which all meets the elements of Nuremberg Code crimes against humanity and needs to be stopped TODAY!

Sue The WHO

GPW14 is a Threat To Human Rights & Global Procurement

WHO is in violation of international law for human experimentation and therefore RESPONSIBLE for cessation and reparation, and the GPW14 is trying to continue the execution of illegal acts of experimentation by funding the EUL with States & private actors!

- Rather than fund WHO \$11.5B States and humanity should Sue The WHO to prove attribution for acts of false declarations of emergency, exaggerating the diagnosis, complicating the treatment with unethical completely unproven novel gene therapies mischaracterized as vaccines while suppressing ethical unproven safe effective interventions like HCQ and Ivermectin, systemic and widespread acts of disinformation, deception, manipulation, coercion, threat and other illicit means to commit acts of global eugenics human experimentation which may impermissibly affect the human genome heritage of humanity, acts of political interference in scientific decision making, as well as acts of psychological and biomedical terrorism, torture, and serious breaches of ethics and anti corruption which violate international customary law and human rights law.

DO NOT FUND THE WHO FIRST ROUND FINANCING ON JANUARY 24, 2024! Convince your country to Sue & Exit the WHO instead!

COMMUNISM

- *The UN or WHO are COMMUNISTS BY NATURE - FOREVER:*

“This Senate attitude hasn't been overlooked by crafty men who would stoop to any device to get their thoughts and ideas inflicted on the Nation and made the supreme law of the land. **When men like Alger Hiss and other Communist and Socialist sympathizers wormed their way into positions of great influence in the State Department and took over the job of drafting up our treaties and agreements with international organizations some rather strange and dangerous clauses began to crop up in these documents.** These clauses for the most part went unnoticed by Senators who seldom have either the time or the inclination to wade through voluminous treaty agreements prior to voting on them. But other people were perfectly aware of these clauses. **They knew full well that treaties automatically become the supreme law of the land upon ratification and thus take precedence over the Federal Constitution and all our State laws.**” (Congressional Record, 1953, page A422)

SUBVERSION

- *The UN or WHO are COMMUNISTS BY NATURE - FOREVER:*

"Now let us look at the record. According to Trygve Lie, longtime Secretary General of the United Nations, he stated flatly that there was a secret agreement between Alger Hiss and Molotov to the effect that the head of the United Nations military staff should always be a Communist. That agreement has never been broken, and we have had a succession of Communists filling that post, the present one being Mr. Arkadov. As a first consequence of this treasonous agreement, this country lost its first military engagement in Korea at a cost to this country of more than \$20 billion and 145,000 American casualties ...This was the first war in which we engaged not as the United States military force, but as a United Nations force. ...How convenient this was to the Communists to have one of their own men as head of the United Nations military staff, who reviewed all orders going from the Pentagon to General MacArthur and gave them to our enemy before General MacArthur received them."(Congressional Record, 1962, page 215) <https://www.govinfo.gov/content/pkg/GPO-CRECB-1962-pt1/pdf/GPO-CRECB-1962-pt1-3-2.pdf>
